

Questions for Deeper Reflection

Handing On the Faith

DECEMBER 2020

1. The Bible clearly shows how nations and individuals rise and fall, depending on what you base your life around. If someone looked at my life, would they know that God and my relationship with Him are the most important thing in my life?
2. The Book of Joshua is a warlike book, full of blood and violence. Thankfully, God no longer commands His people to fight bloody wars. Our battles today are spiritual warfare, but just as deadly and with eternal life-or-death consequences. What's my challenge today in living my faith and what am I going to do about it?
3. In the Book of Judges, "there arose another generation...who did not know the Lord" (2:10). How am I doing handing on the faith to my family, friends, neighbors, and parish? Pray: Lord, this is your plan. How can I help? And listen.
